SUMMARY

Software engineer with a solid background in data structures and algorithms, along with real-world internship experience. I'm open to working with any tech stack and comfortable jumping into new languages, frameworks, or codebases as needed to write clean, working code.

EDUCATION

GATE Institute of Technology and Management Sciences (Affiliated with SVU) <i>Master Of Computer Applications (MCA) CGPA: 8.0/10</i>	Tirupati, Andhra Pradesh <i>Aug 2024 – jul 2026</i>
GATE Degree College (Affiliated with Sri Venkateswara University (SVU)) <i>Bachelor of Computer Applications (BCA) CGPA: 8.3/10</i>	Tirupati, Andhra Pradesh <i>Sep 2021 – jul 2024</i>

EXPERIENCE

SOFTWARE ENGINEERING INTERN <i>Mindeed Technologies and Service Pvt.Ltd</i>	2/06/2025 - 25/07/2025 <i>Chennai, Tamil Nadu</i>
• Refactored backend codebase and database queries to eliminate bottlenecks, resulting in faster response times and improved user experience. • Configured server-side loggers to automatically mask customer credit and debit card details, keeping payment data safe from internal logs. • Implemented API request encryption by parsing dynamic request headers and applying ciphers to secure sensitive data in transit. • Handled server-side payload decryption and verified HMAC signatures to check data integrity and reject tampered requests.	

PROJECTS

STUDENT AI CHATBOT HTML,CSS,JAVASCRIPT,AIP'S
• Developed a responsive chatbot interface using HTML/CSS for smooth user interaction • Implemented JavaScript for dynamic DOM manipulation and user queries processing • Integrated external APIs to handle natural language processing and generate responses • Optimized performance for efficient request handling and response delivery

TECHNICAL SKILLS

Languages:	Java, Java Script
Frameworks & Libraries:	React, Spring Boot, Hibernate, Spring Core
Databases:	SQL
Cloud & Dev Tools:	Git, VS Code, Eclipse
Miscellaneous:	Rest APIs, Web Programming, JDBC
DESIGN SKILLS : :	Algorithms and Data Structures, Object Oriented Programming
